WESAM AHMAD JARADAT

Project Manager | PMI-ACP | Tutor | Coach

+962 77 73 75 862 | wisamjr@gmail.com | linkedin.com/in/wesamjaradat | Amman, Jordan

PROFESSIONAL SUMMARY

Results-driven Project Manager and Agile Certified Practitioner (PMI-ACP) with 25+ years of experience in the telecommunications sector, energy management, infrastructure, and organizational consulting. Proven track record of successfully leading cross-functional teams, managing large-scale technical projects (5G, solar energy, smart meters, digital transformation), and delivering measurable outcomes. Adept at contract management, stakeholder engagement, cost control, process improvement, and driving innovation. A certified team leader and trainer with a Master's in Computer Science and a deep passion for transformative learning. Delivered 100+ training courses and workshops for universities, NGOs, trade unions, and international organizations. Skilled at designing learner-centered curricula, coaching individuals toward growth, and making complex technical topics accessible and engaging.Bringing structured methodology and adaptive leadership to every project.

KEY ACHIEVEMENTS

- Led the Energy Management System project, delivering improved data analytics and power cost savings across mobile and fixed sites.
- Managed the Carbon Credits Project, contributing to sustainable and cost-efficient operations.
- Successfully coordinated the 5G Power Meters Upgrade Project enabling 5G technology launch.
- Delivered the Smart Meters Project seamlessly, modernizing energy monitoring infrastructure.
- Managed acquisition, relocation, and swap projects for telecom sites.
- Spearheaded the Sub-Stores and Fixed Assets Inventory Projects, improving supply chain efficiency.
- Designed and administered the ITN Sites Cost System — a proprietary financial management solution adopted organization-wide.

PROFESSIONAL EXPERIENCE

Sites Management Supervisor

Umniah – Telecommunication Company | Jul 2024 – Present | Amman, Jordan

- Manage all aspects of Sites Acquisition including power, vandalism prevention, and contract compliance.
- Lead new site installation, relocation, and swapping projects from initiation to handover.
- Serve as Project Manager for the Energy Management System initiative.
- Lead the Solar Stations Project and the Carbon Credits sustainability initiative.
- Manage contracts with diverse clients: individuals, corporate, and government entities.

Electricity Control Expert

Jordan Telecommunication Group – Orange | Jan 2019 – Jun 2024 | Amman, Jordan

- Played a key role in the 5G Power Meters Upgrade Project — ensuring seamless 5G technology enablement.
- Coordinated the Smart Meters Project, overseeing full lifecycle from planning to implementation.
- Developed and implemented Energy Control Management tools for improved data analysis and reporting.
- Conducted power payments and savings analysis to optimize resource allocation and reduce expenses.
- Established and enhanced outsourcing contractor coordination processes.

ITN Sites Cost Expert

Jordan Telecommunication Group – Orange | Nov 2016 – Jan 2019 | Amman, Jordan

- Led the ITN Orange Conciliator project — overseeing contracts, cost control, and financial follow-up for mobile and fixed sites.

- Developed and implemented the ITN Sites Cost System, streamlining financial management and reporting.
- Facilitated the Supply Chain Sub-Store project — optimizing inventory management and outsource coordination.
